As a graphic designer, she creates innovative and beautiful images that visually stir the senses. As a boutique owner, her store carried unusually gorgeous and cutting-edge merchandise... Her broad range of interests, great personality, and artistic flair makes her one of the most interesting and alluring people I know."

Stacey Lowenberg |Ballerina/Model | Pacific Northwest Ballet Company

"I have known Kamie for 12 years. Kamie is a highly creative individual. Her artistic sensibilities, along with clear, practical thinking, have shaped her working endeavors."

Julia Nagele | Owner | mode+pattern, llc

"What talent! I went to Kahlo with nothing more than paint swatches and some loose ideas for my business. Kamie produced the most eye catching and beautiful logo, creative website and so much more. She is my personal art department and works with my sign vendor, advertising people, public relations, label vendor, and more. I could not have done it without her."

Erin Quigley | Owner | Open House Staging

"Kamie has an impeccable eye for detail. We've worked together on many projects. She was the stylist, and the subject matter was altogether boring and old, but she gave new life to that product. We've also collaborated on many design projects, and her opinion and critique were profound yet refreshing..."

Ivan Aguiar | Photographer | BD&A

"When I was with Maxon Furniture, Inc. I worked on many photoshoots with Kamie as my principal photo stylist, and her work was marvelous. Kamie has an amazing eye for detail and shares her talent with ever-flowing ideas that will surprise and delight in both the photography world and the design world. I can't say enough nice things about Kamie. She is a sweet and funny person and a consummate stylist and designer."
